

SPONSORSHIP PROSPECTUS

We are NurseTRUST

What began as an alumni association of the Robert Wood Johnson Foundation-Executive Nurse Fellows program, today is an association over 200 strong comprised of national leaders and experts whose career was catapulted by the RWJ Fellowship opportunity. The organization's mission is to engage nurses in life-changing leadership. NurseTRUST will sustain and harness our member network to support the development of nurse leaders.

The NurseTRUST Annual Summit provides opportunities for the membership to gather with trusted colleagues for conversations, lessons of experience, and reflection on nursing leadership.

The NurseTRUST membership is comprised of executive nursing leaders who hold respected medical leadership positions. Here is a membership snapshot.
